

A FIELD NOTEBOOK, ON PAPER

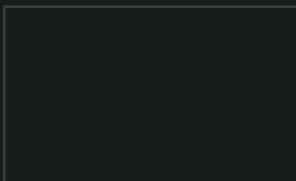

Portfolio

PDF styling guide

An editorial system for reports, proposals, essays, and practical tools.

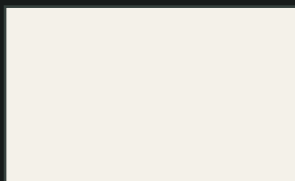

Calm. Curious. Useful.

Large serif headings meet quiet sans-serif text. Warm neutrals leave room for ideas; green accents help the reader find their way.

SEMANTIC TOKENS

A palette with purpose

Choose light for long reading and printing; choose dark for a screen-first cover or short digital document. Change every token together.

LIGHT / PRINT-FRIENDLY

	Page #F4F1E9
	Text #202522
	Accent / links #176B5B
	Secondary accent #0F5549
	Muted text #68706C
	Rules / borders #D7D7CF
	Panels / table fill #FAF8F2

DARK / SCREEN-FIRST

	Page #171B1A
	Text #EFEFEE
	Accent / links #94CFBD
	Secondary accent #B3E1D4
	Muted text #A9B0AC
	Rules / borders #35403C
	Panels / table fill #202623

SPECIALIZED CUES

	Gold #E5B522 One next-step cue. Use #242015 text.
	Cyan #4DB8D4 Knowledge-architect route. Use #181818 text.

Use green for small accent text. Gold and cyan work as fills with dark labels. Alternate table rows use the panel token.

TYPE + RHYTHM

Give ideas room

GEORGIA / REGULAR

Editorial headings

Pair the portfolio's Georgia headings with Inter or its system-font fallback. This guide embeds Georgia and Segoe UI.

RECOMMENDED PDF SCALE

Cover title	40-48 pt
--------------------	----------

Short lines; 1.05-1.12 leading

Page / section title	28-34 / 20-24 pt
-----------------------------	------------------

Regular serif; generous space above

Body copy	10.5-11 pt
------------------	------------

16-18 pt leading; left aligned

Label / caption	8-9 pt
------------------------	--------

Sans-serif; restrained uppercase

A4 PORTRAIT / PRACTICAL DEFAULTS

20 mm margins. One primary column. Use two columns for short cards or comparisons, with a 6-8 mm gutter.

Aim for 55-80 characters per line. Use a 4 pt spacing unit: 8-12 pt between paragraphs, 16-24 pt between related blocks, and 28-40 pt between sections.

Preserve the website's hierarchy, then adapt its proportions to paper. Let multiline headings breathe.

REUSABLE ELEMENTS

A page in practice

Use flat panels, thin rules, and a clear reading order. Keep decoration quiet so the content can carry the page.

"Give a connection enough form to meet reality and see what happens."

Portfolio-inspired callout / 12-18 pt padding

TABLE SPECIMEN

Element	Treatment
Cards	Square corners; 0.5 pt border; no shadow
Links	Green, underlined, and clickable
Figures	Clear full frame; muted caption below

A REPEATABLE DOCUMENT RECIPE

Cover: eyebrow, large title, short description, author/date.
Content: serif heading, introduction, evidence, one callout.
Closing: takeaway, sources, and one clear next step.

BEFORE EXPORTING

Embed fonts; preserve selectable text and active links. Use vector graphics and 300 ppi images at placed size. Keep headings with their following text and repeat table headers across page breaks.

Inspect every page for clipping and awkward breaks. Check grayscale for print; target 4.5:1 contrast for small text. Use RGB for digital output and a printer-specified profile for press work.

Full tokens, rules, and reusable prompt are in the companion Markdown guide.
